# ABOUT US

**J. Roger Preston Limited (JRP)** is a leading professional engineering consultancy specialising in Mechanical & Electrical and Building Services Engineering across various sectors that include Building, Transportation, Environmental, Industrial, Infrastructure and Energy.

Since its establishment in Hong Kong in 1962, JRP has continued to expand its operations across Asia and was one of the first Hong Kong M&E consultant to enter the Mainland China market as far back as 1978. With the steady growth and expansion over the decades, the JRP Group of Companies currently employs some 600 staff in offices in Hong Kong, Beijing, Shanghai, Shenzhen, Macau, Singapore, Malaysia and Vietnam. Our geographical coverage gives us exposure to a vast range of business and regulatory environments, enabling us to benchmark our designs, working practices and advices against the world's best practices.

Over the last 55 years, J. Roger Preston has built up an impressive portfolio of clientele that includes government organisations, leading developers and multi-national corporations, and has worked with many renowned local and overseas architects, interior designers and construction professionals. We are proud of the diverse range of prestigious projects that we have completed.

JRP implements quality systems, safety procedures and environmental programmes for the benefit of clients and employees. We are an integrated quality and environmental management systems certified company, and registered to ISO 9001:2015 and ISO 14001:2015.

JRP Group's unique management style emphasizes personal involvement, teamwork, imagination and creativity. Quality, integrity and partnering are the core values that shape our company culture. Our client-oriented approach of providing engineering solutions that fulfill their need and our strong commitment to deliver quality, valued-added services on time and within budget are the driving force of our achievements.

With over half a century's proven track record, based on the strength of our diversified business, well-established reputation, financial soundness, excellent management team, plus our firm commitment to engineering excellence, environmental sustainability, innovation and quality, the JRP Group is well recognised as a premier M & E Consultancy in the Region and market leader in sustainable buildings.

JRP proves to be a solid and progressive organisation, developed with comprehensive design database through decades of realistic design experience for many landmark and prestigious projects under the able leadership of the management. Our collective talents and innovative design approach add greater values to projects undertaken. JRP can take on any challenging projects with sustainability best practices and the know-how to design smart buildings for the future.

# MESSAGE FROM DIRECTORS

JRP was contracted to provide M&E design consultancy for the Kai Tak passenger terminal in the early 60's. It was the very first project of our UK parent company (founded by Mr J. Roger Preston in 1926) landed on the Hong Kong soil. This also sowed the first seed of the JRP Group's business expansion into the PRC and the Asia Pacific Region.

JRP continued to play an impressive role and made significant contributions in the development of Hong Kong. We have completed many landmark projects from then the Mandarin Oriental Hotel, the World Trade Centre, Hong Kong Polytechnic, the Harbour City, Exchange Square, Jardine House, Two IFC, ICC, Tamar HKSAR Headquarters, Four Seasons Hotel, Peninsula Hotel, Sheraton Hotel, One Peking etc. All these projects enrich both the skyline of Hong Kong as well as the spectacular view of the Victoria Harbour waterfront.

In 2017, we proudly celebrate our heritage and the **55th Anniversary** of the JRP Group and in a most thankful manner. The wisdom and the inspiring leadership of each and every partner and director of the Group has made many milestone achievements both in technical and project management expertise, completing successful projects one after the other.

Renowned and exciting Projects commissioned by JRP cover a diverse portfolio of projects, including highly specialised design for offices, hotels, data centres, hospitals, universities, laboratory and research centres and cross-border passenger terminals, just to name a few. There is only one common centrepiece attributable to the sustainable success of the company in the last half a century, JRP is **"Your Trusted Engineering Partner"**.

We also wish to dedicate our appreciation to all our colleagues who uphold a high standard of design, integrity, innovation, and work tirelessly to fulfil our mission.

From left to right:  
H K Yung, Albert To, Joseph Leung, C M Chung, Victor Cheung

Ping An Finance Centre was recently completed in Shenzhen (599m tall, ranked the 2nd tallest in China and the 4th tallest in the world in April 2017) and it is no doubt another glowing testimonial of JRP's technical excellence in the super high-rise building design. This gave us the opportunity after the completion of Two IFC (420m tall) and ICC (518m, tallest in Hong Kong) to further explore engineering solutions which could well respect its build form and the environment.

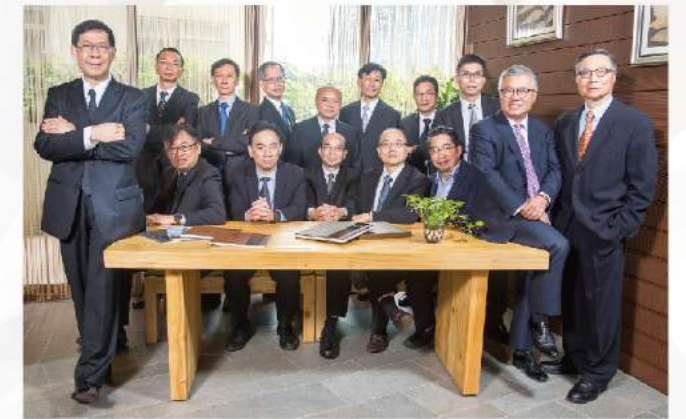

JRP was awarded the "10 Years Plus Caring Company" in 2016 in recognition of our altruistic commitment in CSR and community works. We pledge to cultivate this willing spirit within our company and engage more voluntary hands to contribute to our society.

We give our heartfelt thanks to all our customers and partnering professionals who place trust in JRP and make us possible to achieve what JRP Group is today. We look forward to working and collaborate with you as your Trusted Engineering Partner.

# OUR TEAM

"只要在启德国际机场降落，都是一个震撼和挑战！"，当时很多飞行员这样描述。澧信在六十年代为启德机场客运大楼提供机电顾问设计服务。这是我司英国母公司登陆香港（由J. Roger Preston先生于1926年创建）的第一个项目。此外，这也是澧信集团业务拓展至中国及亚太地区的第一颗种子。

自1962年在香港成立以来，澧信继续发挥了令人印象深刻的作用，为香港发展作出了重大贡献。完成的地标性专案包括文华大酒店、世界贸易中心、香港理工大学、海港城、交易广场、怡和大厦、国际金融中心二期、香港特区政府总部、四季酒店、半岛酒店、喜来登酒店及北京道一号等，屹立于维港两岸。

2017年，我们自豪地以最欢欣的方式来庆祝澧信集团成立五十五周年。通过澧信每一位公司合夥人和董事们的智慧指导和英明领导，公司在技术和专案管理方面取得了许多专案的里程碑，并取得了专案的卓越成果。澧信服务的众多显赫项目，几乎涵盖所有多样化的建筑专案组合，包括办公楼、资料中心、医院、酒店、大学、实验室和研究中心与及跨境客运枢纽设施项目等等。澧信只有一个共同的核心价值就是可持续成功。澧信是"您所信赖的工程合作夥伴"。

我们感谢所有有才华、持高水准、有诚信、敢于创新及乐此不疲的工程师完成每个工作的使命。

平安金融中心近期在深圳完成（高达599米，位居中国第二高，是二零一七年四月份公认为世界第四高建筑物），无疑是澧信在超高层建筑设计方面的卓越技术的见证。而且启发和影响其他项目的设计师去展示我们的创新意志，并为其他专案取得成果。自香港国际金融中心（420米）获得的经验后，再建立环球贸易广场（518米是香港最高），继续贯彻更多的热诚和魄力来迎接新的建设及环境。

澧信在2016年被授予"10年以上关怀公司"，表彰我们在企业社会责任和社区工作中的无私承诺，我们承诺在公司建立和培养这种奉献精神，更乐于献出最大的努力和技能回馈社会。衷心感谢所有对澧信信任的客户及合作夥伴，使我们实现澧信集团今天的发展。期望能继续我们的夥伴关系，并成为你们信任的工程夥伴。
